STAT

2 February 1984

MEMORANDUM FOR: Deputy Director for Operations

FROM: Executive Assistant to the DDCI

The attached has triggered two requests from the DDCI:

a. In anticipation of questions in future hearings, would you please advise what HUMINT was available on Grenada before the invasion

25X1

b. For the NSC's special activities briefings, the DDCI would like to have a profile of what it takes in terms of the number of contacts, false starts, time, etc., to recruit a typical asset in a number of cultural groups. For example, we have to contact X many people before we can talk to X many before we actually recruit one and so forth.
